It is not capable of being misundertion in advance where it will be compelled to stood. With the voice of John Hay coming out lose the services of a competent teacher who gets of the past in humorous phrase added to that of married without in the least impairing the value of her services, any more than it should bind itself to retain the services of one who assumes, able, even in politics. Perhaps President Wilson I. W. W. comes out in an attack upon Sunday, which reminds people that with all the offensive features of his campaign, Sunday has helped many people and harmed no one, while the I. W. W. never did anything or tried to do anything or tried to d with her matrimonial venture, responsibilities com-letely unfitting her for work in the class room. pletely unfitting her for work in the class room. kept nonpartisan.

Paying the Price.

of the New York legislature is seriously considering a bill to repeal the clause in the tax law which exempts from taxation the property of religious it has learned the lesson. Throughout the coun-Telephone MAIN 3300. and charitable associations. The State comptrol-TEMPORE MINISTRY CHTY, N. T. REPRESENTATIVE MADE AND Precident and Mallor Control BIALAND, Precident and Mal ler estimates that the passage of the bill would the past been considered as the work of continuous, or private organizations. It is so much casier to start something than to manage it, and many more ments that have been started by inloaded on the government of the nation, the State or the municipality, to be paid for by taxing the

President Wilson certainly put it well when he said that the ship of state is altogether too hig a boat to be rocked by persons the size of those who have undertaken the job.

In the same to remore society, it sees to the size of those distributed by curly beam from which is gambling in labor, which is gambli would improve the general welfare of the people. These new functions of government are often suggested and developed by people who bear but a small part of the cost of government in the world a small part of the cost of government in a small part of taxes, and sometimes they are promoted for the specific purpose of furnishing salaries for the promoters. We have had a riot of reform and we are now paying the cost. When passed, greatly ameliorating the conditions of the people will be more apt to think of the cost of dren. But these laws do not reach the heart of these new-fashioned flounces and ruffles on the the matier. They operate like paternal kindness, mined to go the opposite way. Its fate was about plain old fabric of a Democratic government and like favors. They are only steps toward the established district, Gov. Andrew would take an

plain old fabric of a Democratic government and call a halt.

Wisconsin was the banner reform State a few years ago, and today there is no word in the English language so hateful to the people of that State as reform. The proof of the pudding is in chewing the string and a good many people are now chew
